

Webinar No.8

Improving the hospital environment for people with cognitive impairment

Date: Thursday 26 April 2018

Time: 2:00pm – 3:00pm AEST

Venue: Webinar will be broadcast across Australia

Our eighth webinar will be of interest to those working in hospitals who would like tips and advice on how to improve the hospital environment for people with cognitive impairment.

Presenter: Richard Fleming, Executive Director, Dementia Training Australia (DTA)

Presenter: Jill Marjoram, General Manager, Lithgow Hospital

Facilitator: Ms Anne Cumming, Principal advisor, Cognitive Impairment, Australian Commission for Safety and Quality in Health Care

Overview of presentation:

The webinar will explore a number of aspects including:

- Environment design principles
- What DTA can offer hospitals
- Putting the principles into practice

There will be an opportunity to ask questions of the presenters.
