

Webinar No. 7

Safer use of medicines for cognitive impairment

Date: Tuesday 20 February 2018

Time: 2:30pm – 3:30pm AEDT

Venue: Webinar will be broadcast across Australia

Our seventh webinar will be of interest to clinicians who would like to learn more about medication safety for people with cognitive impairment in hospital.

Presenter: Ms Mary Ety-Leal, Deputy Director of Pharmacy (Royal Park Campus), Royal Melbourne Hospital

Presenter: Dr Ann Rudden, Associate Professor, Staff Specialist in General Medicine and Geriatrics, Gold Coast University Hospital

Presenter: Ms Anne Moehead, Nurse Practitioner Psychogeriatrics / Dementia, Nursing & Midwifery Directorate, Northern NSW Local Health District

Facilitator: Ms Anne Cumming, Principal advisor, Cognitive Impairment, Australian Commission for Safety and Quality in Health Care

Overview of presentation:

The webinar will cover key elements such as medication reconciliation and review, appropriate prescribing, consumer involvement and education, and medicines at transitions. Starting with a consumer story, our three speakers will illustrate the importance of a team approach, providing a pharmacy, medicine and nursing perspective.
